Hi ,

Today, during an in-person inquiry at the Commissioner's Office, I was informed that the document has still not been dispatched from the Post Office section.

The reasons given for the delay were that the staff are engaged in police selection process duties, and the Superintendent was on leave today.

Kindly look into the matter and inform me of the expected timeline for dispatch.

Thank you.

Regards,  
Pjoshua

Respected Sir/Madam,

I am forwarding my earlier follow-up email regarding my RTI application for your kind information.

During my in-person inquiry at the Commissioner's Office today, I was informed that the reply has still not been dispatched from the Post Office section.

The reasons given were that staff are engaged in police selection process duties and that the Superintendent was on leave today.

As my RTI application has already crossed the prescribed time limit, I am suspecting that there may be an intentional delay in dispatching my RTI reply.

I kindly request your intervention to look into the matter and inform me of the current status and expected date of dispatch.

Thanking you.

Yours faithfully,  
Joshua
